

THE NEW  
**OPEL MOKKA //**

# MODERN GERMAN

New Zealand's most efficient German brand. We are a detox. We are a reset. Hyper efficient with an electrified option on every model. We are modern German. Where bold and pure is more than just a design principle. It's an attitude. Live Elektrisch.

O P E L

**LIVE ELEKTRISCH** //

# EXPECT THE UNEXPECTED

The new Mokka rewrites the rules and takes driving to a whole new level. It's time to drive your way - no matter if all electric or petrol.

## THE NEW MOKKA

Are you ready for OPEL's next, bold step forward? The new OPEL Mokka is here - a combination of pure design and the latest high-tech feature sets.

## FIRST OF A NEW ERA

The new Mokka and its groundbreaking design leads the way for the future of Opel. Every line and curve, from the poised SUV silhouette to the strong graphic identity, speaks the design language of bold and pure. In addition to the new Opel Vizor, our unmistakable new front design, Mokka also offers many customisation options.

## CHARGE THE CHANGE /

Mokka is all about action. Therefore, it's got the high efficiency powertrains and exceptional handling to make it happen. A 100 % electric powertrain features 260 Nm of instantaneous torque. The lightweight electric powertrain with 100 kW (136 hp) is perfectly balanced and tuned to handle tight city streets and wide-open roads, something we call "autobahn proof".

# SIMPLY ELECTRIFYING

Next-gen battery technology provides the freedom to go further with up to 363 km\* according to WLTP<sup>1</sup> on just a single charge. Mokka-e adapts to your driving style by offering you Sport, ECO and Normal driving modes, each adjusting vehicle-wide systems such as pedal mapping and power steering assistance.

<sup>1</sup>WLTP stands for Worldwide Harmonized Light-Duty Test Procedure

\*Range may vary depending on actual conditions of use and various factors such as speed, weather and driving styles

## POWER FOR PROGRESS /

Besides all electric, Mokka also offers alternative highly efficient Turbo Direct Injection petrol engines. All with state-of-the-art CO<sub>2</sub> levels attracting a rebate – ready for those who prefer progress in combustion technology.

## STEP INTO GERMAN DESIGN /

The exciting lines of the body fascinate at first glance. In the interior you will discover a harmonious interplay of proportions, light, space and technology. A perfect place for an extraordinary driving experience.

## IN TOUCH WITH THE WORLD /

Opel's superb 12" digital instrument panel with a 10" touch-screen navigation<sup>1</sup> will guide you flawlessly, complete with real-time traffic updates, nearby charging station availability plus full Apple CarPlay<sup>TM2</sup> and Android Auto<sup>TM3</sup> compatibility, native Bluetooth<sup>5</sup> streaming, USB ports and a six-point sound system for rich, immersive music on the go.

<sup>1</sup> Available in SRi trim only.

<sup>2</sup> Apple CarPlay<sup>TM</sup> and Apple Siri<sup>TM</sup> are registered trademarks of Apple Inc., registered in the U.S. and other countries.

<sup>3</sup> Android Auto<sup>TM</sup> is a registered trademark of Google Inc.

<sup>4</sup> Compatibility and certain functionalities may differ depending on type of device and version of operating system. To check the compatibility of your device, go to [www.apple.com](http://www.apple.com), [www.android.com](http://www.android.com), or contact your Opel retailer.

<sup>5</sup> Bluetooth<sup>®</sup> is a registered trademark of Bluetooth SIG Inc.

## THE PURE PANEL /

The new Opel Mokka is stunning in its sophistication and simplicity - a beautiful streamlining of data. All the information you need without clutter or interference as visually distracting elements are eliminated, leaving only seamless, digitally-detoxed control.

## GO BOLDLY. ARRIVE IN STYLE /

Generous interior proportions and space-saving technologies make every journey a pleasure. Supportively sculpted seats, flexible cargo space and uniquely German high-end décor means you'll arrive more relaxed than you left.

## STAND OUT FROM THE CROWD /

Set the trend. Mokka already looks like nothing else on the road, and you can personalise your individual road presence with your choice of a wide array of custom options including wheel, roof and hood options.

## LESS NORMAL /

Redefine the rules and exceed all expectations. Choose the new Mokka to leave normal behind.

## MORE MOKKA /

Dare to be different. Get ready to experience more with the all new OPEL Mokka.

# OPEL PURE TECHNOLOGY /

We believe technology works best when it's smart and intuitive. We call this approach Pure Technology. It combines the latest driving, convenience and safety technology with efficient and electric powertrains and connectivity. Most importantly though, it is always streamlined and easy to use, with our PurePanel dual display and touchscreen system that retains ergonomic switchgear for the most often used items. No gimmicks, nothing overly complicated, just technology that makes driving better, safer and more exciting, for everyone.

## OPEL PureSense

OPEL PureSense gives you heightened awareness on the road, with smart driver assistance technology that makes every journey safer and more enjoyable. And the best bit? You don't have to do a thing. PureSense is always on, continually working away in the background, scanning the road ahead, keeping you safe and allowing you to just enjoy the drive.

## OPEL PureConnect

We live in a connected world. Friends and relatives are only a button away. We play music on demand. Information is instant. At OPEL we've brought your connected world inside the car – we call it PureConnect. Easy to use and always on, PureConnect seamlessly connects you to the things that matter through the smooth, flowing Pure Panel display. And, just as intelligently, it connects you to your car's onboard tech, through touchscreen and voice control.

## OPEL PureEnergy

At OPEL, we're on a mission to open up electric driving to everyone. To deliver instant, exhilarating performance with low emissions. To change the way we move, for the better. And with innovative plug-in HYBRID-e/electric models available across the OPEL range, there's an electric Mokka that will fit seamlessly into your life. One that's more exciting than ever, while keeping costs as low as possible. Thanks to PureEnergy from OPEL.
