# THE ALL-NEW **MG 8** *PLUG-IN HYBRID*

## EVERYTHING TO OFFER. NOTHING TO PROVE

A new kind of Mid-Size Sedan, shaped by quiet confidence. The MG 8 balances presence with restraint, poise with ease. Crafted for those who know what matters, its design speaks in a low voice while the experience feels immediate and enduring. Every detail serves the drive without calling for attention, bringing reassurance, refinement, and a lasting sense of ease.

# PERFORMANCE

## POWER WITH PURPOSE

MG's DMH Super Hybrid pairs a hybrid-dedicated 1.5L engine with an intelligent electric drive unit for 201 hp and 0-100 km/h in 7s. Five adaptive driving modes keep you in command - city or open road - and the system balances engine and electric power for smooth, immediate response from pull-away to overtakes.

# EFFICIENCY

## BUILT TO GO FURTHER

Travel more on less: 3.32L/100 km fuel efficiency. Drive up to 125 km on electric power alone, or up to 1,655 km combined, with convenient plug-in charging and smart energy recovery that tops up as you drive. With a 21.4 KW battery, the MG 8 offers easy plug-in charging and smart energy recovery keeping every journey effortless.

A close-up, low-angle shot of the front left corner of a white car. The image highlights the sleek, modern design of the headlight assembly, which features a prominent LED light signature. Below the main headlight is a smaller, rectangular fog light integrated into a black grille. The car's body panels are smooth and reflective, showing subtle highlights from the ambient light. A portion of the front wheel is visible on the right side of the frame, featuring a multi-spoke alloy design. The overall composition emphasizes the car's aerodynamic and sophisticated styling.

**EXTERIOR**

# CONFIDENCE IN EVERY LINE

COUPE-LIKE STANCE

SEAMLESS CHARGING PORT

CONNECTED LED TAIL LAMP

With a wheelbase of 2,810 mm and a sleek silhouette, the MG 8 carries the elegance of a coupe within the presence of a sedan. Every detail is deliberate, every line a statement of modern strength.

A distinctive LED signature and confident stance complete the look. Taut surfaces and precise proportions express modern strength without excess. Every line considered, every detail purposeful.

**INTERIOR**

PLAZA-LIKE REAR SEATING AREA

## REFINEMENT, REFINED

Settle into zero-gravity seats, memory-equipped and ventilated for lasting comfort. Expansive legroom opens the cabin; hush when you seek it, or be immersed by an integrated surround system when you choose.

CLOUD-SENSING  
INTELLIGENT CABIN

FOLDABLE PASSENGER SEATS

# TECHNOLOGY DRIVEN BY INTELLIGENCE

Dual 12.3-inch panoramic displays, seamless smartphone integration, and an intelligent cockpit that anticipates your needs. And in the background, everything works quietly, so every drive feels smarter, safer, and effortlessly connected.

360° CAMERA

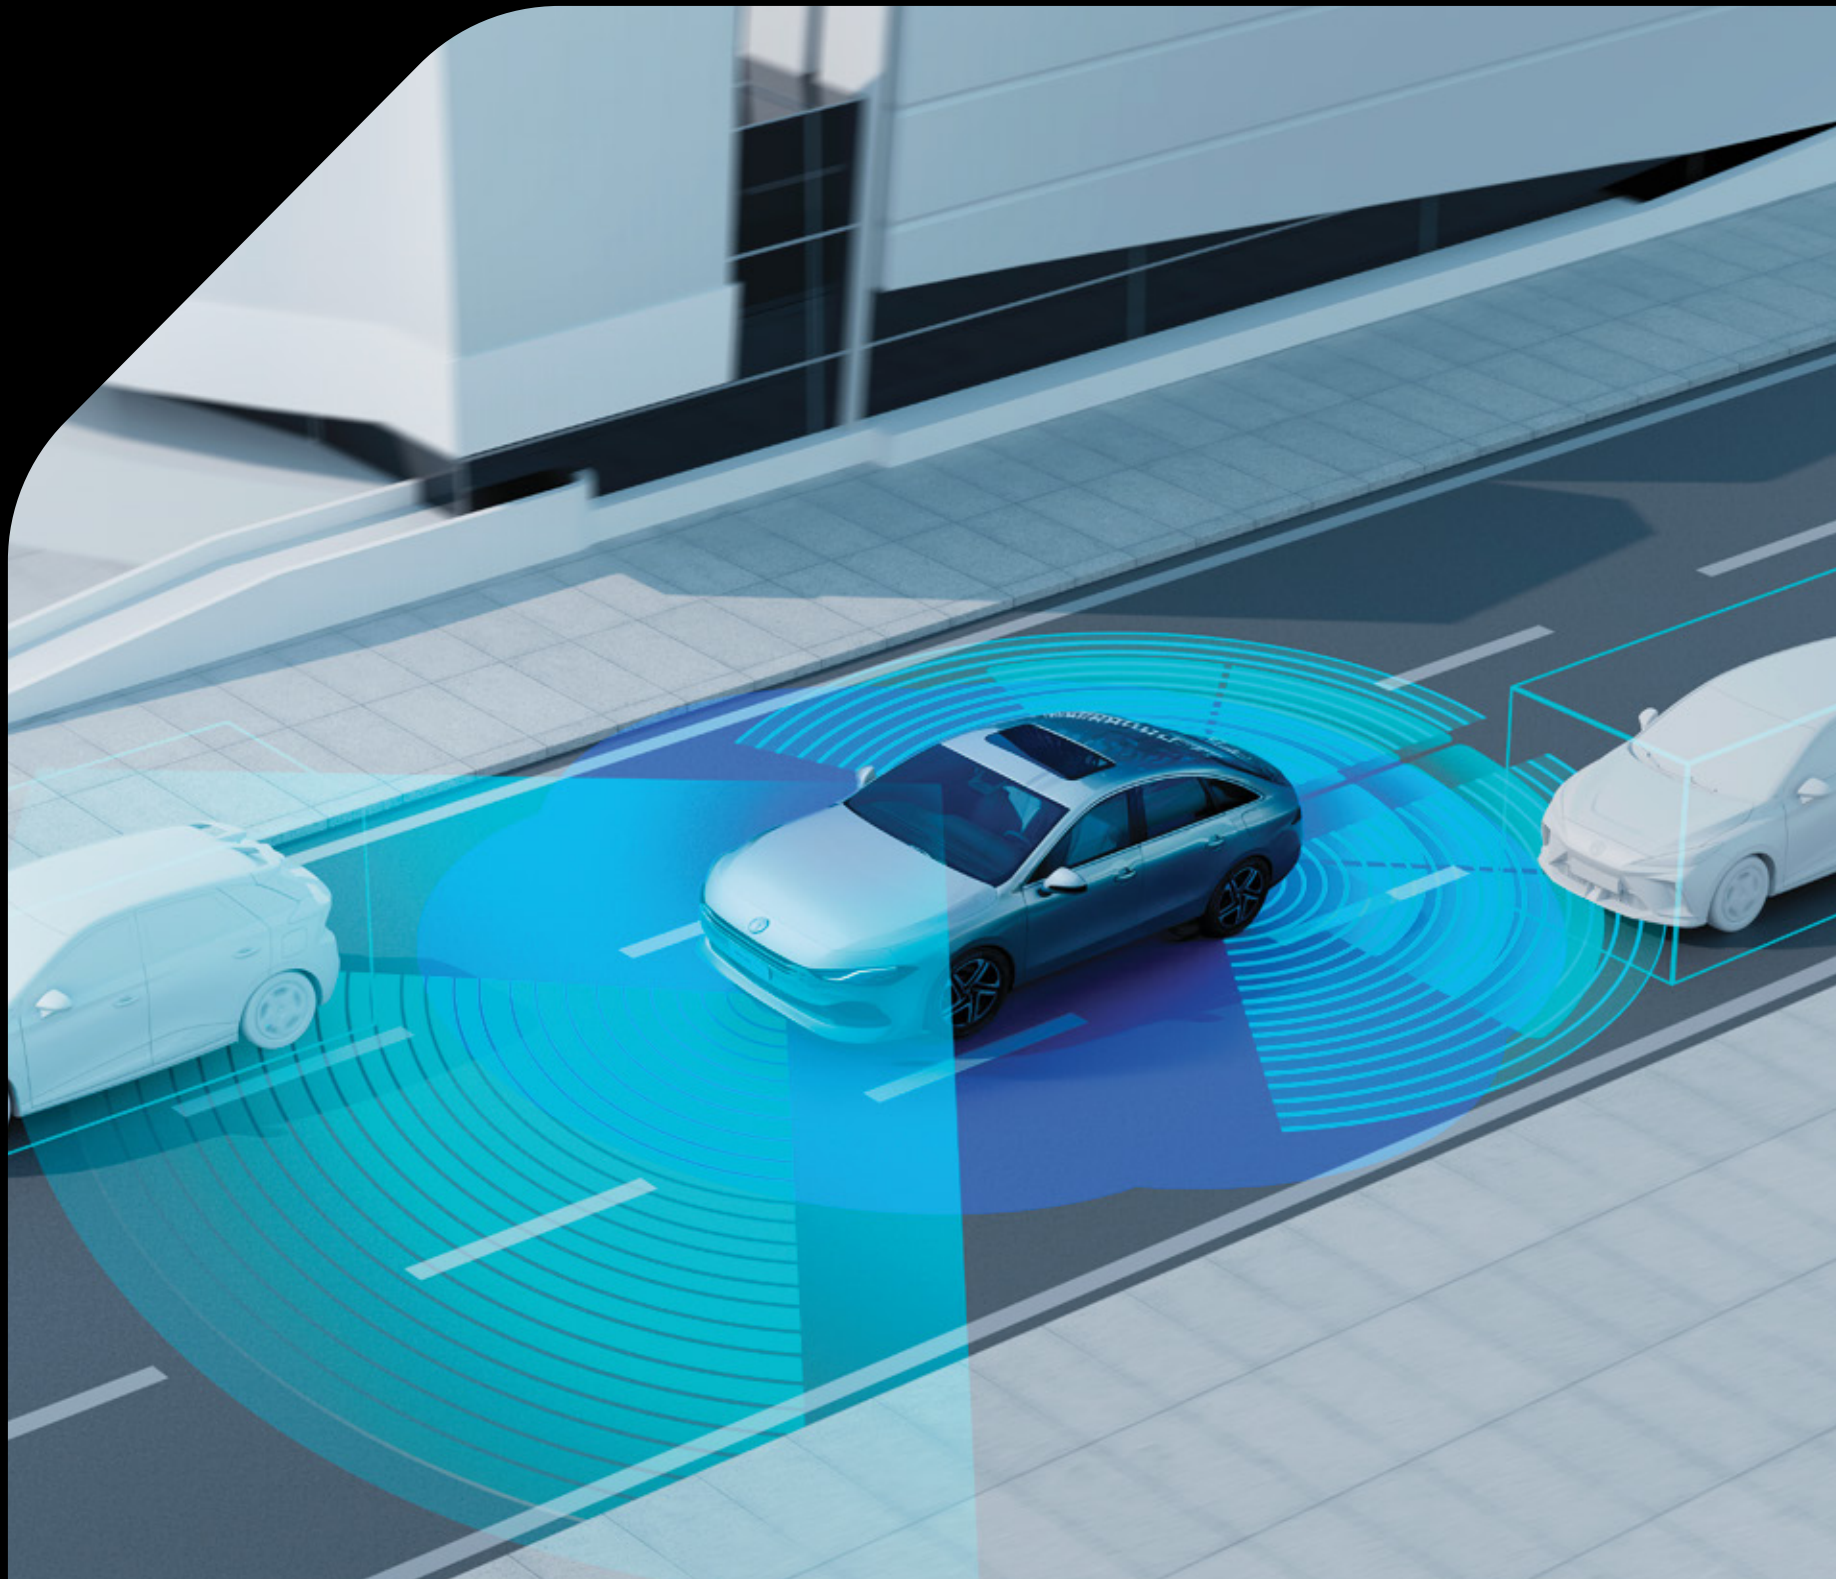

DUAL 12.3" EXTRA LONG LCD SCREENS

WIRELESS CHARGING

# SAFETY

## PROTECTION WITHOUT COMPROMISE

Built on MG's next-generation hybrid architecture and equipped with a comprehensive safety suite, including cruise control, a 360° camera, multiple airbags, and intelligent driver-assistance. This is confidence, engineered.
